Criminal Background Reports

DRAFT TO FACULTY SENATE FOR FINAL REVIEW 9/4/09

I. Purpose

Appalachian State University (the “University”) is committed to providing a safe and secure environment for its students, staff, university visitors, and constituents, as well as a setting in which the University’s assets are protected. To that end, it is the policy of the University that all employment offers (regardless of status as full or part-time, temporary, SPA, EPA Faculty, or EPA Non-Faculty) are subject to the University’s receipt of a satisfactory criminal background report, in order to facilitate informed hiring decisions.

II. Policy

It is the policy of the University that applicants to whom employment is offered on or after September 18, 2009, have a criminal background check completed prior to beginning employment. This policy applies to all vacant positions of all employment categories.

NOTE: An offer of employment may be extended to an applicant prior to the completion of the criminal background check, but the offer must be explicitly contingent on receipt of a satisfactory criminal background report by University officials.

- Criminal background reports will only be used to evaluate candidates for employment reasons, and will not be used to discriminate on any basis prohibited by law or other University policies.

- In order to ensure consistent application of this policy, Human Resource Services (“HRS”) will conduct (and/or contract with third-party vendors) criminal background checks in accordance with the Fair Credit Reporting Act and any other pertinent laws.

- Previous criminal conviction for staff (SPA) and EPA administrative or non-teaching positions will not automatically disqualify a candidate from employment at the University. Factors to consider include but are not limited to:

  a) the relevance of the crime or misconduct to duties and responsibilities of the selected job;
  b) the nature of the crime or misconduct;
  c) the time that has elapsed since the conviction or other determination;
  d) the circumstances surrounding the crime or misconduct;
  e) the existence, number and type of other incidents of crime or misconduct;
  f) the actions and activities of the candidate since the date(s) of reported crime(s) or misconduct;
  g) the rehabilitation record of the candidate;
  h) any related information;
  i) the honesty of the candidate in disclosing and/or explaining the crime or misconduct;
  j) any professional opinions about the possibility or likelihood of the candidate’s future criminal behavior or other misconduct; and
  k) explanations and/or other information provided by the candidate.

- Previous criminal convictions for Faculty will not automatically disqualify a candidate from employment at the University.
Background check records are considered to be part of the application document and will be maintained in the applicant’s personnel file. In accordance with North Carolina law, these application documents and related materials are considered to be confidential and will not be subject to public release except as required or allowed by applicable provisions of the North Carolina State Personnel Act (N.C.G.S., Chapter 126).

Applicants who refuse consent to a criminal background check will be considered to have withdrawn their application for employment at the University.

III. Exceptions

- Faculty and/or staff members being considered for reappointment, promotion or tenure are not subject to criminal background checks.
- Faculty and/or staff members continuously employed prior to September 18, 2009, will not be subject to background checks.
- Faculty and/or staff members who maintain a continuous employment relationship (as defined as lacking any formal, legal separation) with the university, with no greater than twelve (12) months break in service, will not be subject to background checks separate from the initial check completed upon hire.

IV. Procedure

1. When finalists for positions are determined, the hiring official should have prospective or current employees complete a "Disclosure/Authorization Statement" form. The normal procedure for faculty and EPA administrative positions will be that backgrounds checks will be conducted on all finalists prior to the extending of formal invitations for on-campus interviews. For SPA and other positions in which background checks have not been conducted on all finalists, once a prospective or current employee has been selected for hire, the hiring department should immediately forward or fax a copy of the completed "Disclosure/Authorization Statement" form to:

   Human Resource Services
   Attn: Criminal Background Check
   Department of Human Resources
   [Phone: 262-3186] [Fax: 262-6489]

2. An HRS Employment Services staff member will initiate the criminal background check once the necessary information regarding finalists or the recommended prospective or current employee has been received. All job offers will be considered to be conditional until the criminal background report is reviewed and approved.

3. Review of Reports.
   - A) The HRS Employment designee will review the results for all staff (SPA) and EPA administrative or non-teaching background reports to determine the appropriateness of the finalists or prospective or current employee to work at Appalachian State University. Should an applicant’s background be in question, the Director of HRS, or a designee from HRS, will discuss the decision with the Vice-Chancellor of the job posting’s home division or specified designee(s).
   
   - B) The HRS Employment designee will initially review the background reports of faculty candidates (including adjunct and lecturers) in Academic Affairs and forward background checks that indicate a conviction to the Provost. The Provost will consult
with the appropriate administrators/faculty members (such as a Dean, Department Chair, General Counsel, Director of Human Resources) as needed to review the finding and to make a decision on how that finding should affect the status of the application and assess the potential risk of each conviction in relation to the appointment being considered. The Provost retains the right to make the final determination.

4. To ensure that false or erroneous information has not been transmitted in the criminal background report, and to comply with the Fair Credit Reporting Act (FCRA), the following measures shall be taken:

   - The HRS Employment designee will inform the prospective employee of the background report if withdrawal of an employment offer is being contemplated. The HRS Employment designee will, at this time, provide the prospective employee with a copy of the individual's report and a copy of “A Summary of Your Rights under the Fair Credit Reporting Act.” The report and description of rights will be sent via certified mail, return receipt requested.

   - The prospective or current employee will be given an opportunity to address the concerns/issues revealed in the criminal background report. The HRS Employment designee and/or hiring division representative must wait five (5) business days from the date the return receipt is signed, or ten (10) business days from the date the copy of the report is mailed, if the return receipt is not signed, before making an employment decision.

5. Once the specifics of the conviction(s) have been discussed, if it is determined that a finalist should not be interviewed or that the prospective or current employee should not be extended an offer of employment or that an offer will be withdrawn, the hiring authority will be notified of the decision and asked to select a more appropriate prospective or current employee for the position. If a conditional offer of employment has been extended, the HRS Employment designee will notify the prospective employee that the offer of employment is withdrawn. This notification must be sent certified mail, return receipt requested, and contain the following information:

   - The name, address, and phone number of the Consumer Reporting Agency (“CRA”) that provided the report, including a toll-free telephone number if the CRA compiles and maintains files on consumers on a nationwide basis.

   - A statement that the CRA did not make the adverse decision and is unable to give specific reasons why the adverse decision was made.

   - Notification that the applicant has the right to:

     o Obtain a free copy of the criminal background report.

     o Dispute the accuracy or completeness of any information in the report.
