IV. Selected Regulations Applicable to Academic Administration and Faculty Employment

Departmental Personnel Committees

4.1.2 Composition of Departmental Personnel Committees

4.1.2.1 Each academic department (or other comparable academic subdivision) shall have a personnel committee consisting of at least four faculty members and the chair. When possible, the four faculty members shall consist of three tenured individuals and one non-tenured individual. In addition, when possible there shall be two alternates (one tenured and one non-tenured) who should attend all meetings and who shall, in cases of absences or recusals (see Sections 4.1.4.1.1 through 4.1.4.1.5 and Section 4.1.4.1.9), take the place of faculty members in the respective tenure categories, thus preserving the 3/1 tenured/non-tenured ratio.

4.1.2.2 The departmental chair shall serve as the non-voting chair of the departmental personnel committee and shall preside at all meetings. The chair shall establish called meetings when two or more committee members make a written request for a meeting of the DPC. When the personnel action being considered involves the departmental chair, the DPC will elect for that action a chair from among its tenured members.

4.1.2.3 Every department's faculty shall elect the departmental personnel committee using the procedures in Robert's Rules of Order as currently revised, and determine the length of terms on the DPC. In departments with an adequate number of faculty, no faculty member may serve more than three consecutive years on a DPC. Persons who hold academic rank within a department, whether or not their salaries are from state-appropriated funds, shall be eligible for the committee.

4.1.2.4 A departmental unit may increase the size of its Department Personnel Committee by adding tenured and non-tenured faculty on the basis of a 3:1 ratio (when possible), excluding the departmental chair.

4.1.2.5 The committee shall select a recorder from its voting membership.

Procedures of Department Personnel Committees

4.1.2.6 All meetings of departmental personnel committees shall be held on campus. Each member of an academic department must be notified in writing of all meetings and agenda items of the departmental personnel committee. The announcement should clearly state the time and place of the meeting and it should become a part of the DPC's permanent records. All department members who so desire may present their views before the committee in regard to any item(s) on the agenda.

4.1.2.7 In all cases involving a vote on personnel decisions, the full voting membership of the departmental personnel committee must be present. Alternates should attend all meetings and vote in the absences of regular members.

4.1.2.8 No abstention votes shall be allowed in DPC personnel decisions. Instead, if a voting member of the DPC wishes to be recused relative to any of the personnel items on a
meeting's agenda, that person must provide the departmental chair with written notification of recusal from both the discussion and the vote on that particular matter. For that one personnel decision, an alternate from the respective tenure category shall then step in for both the deliberation and the vote. This rule shall supersede the rule in Robert's Rules of Order relative to the right of abstention.

4.1.2.9 When possible, the aforementioned written notification shall be submitted with sufficient promptness to allow the alternate to be notified, before the meeting, that the alternate will become a voting member for that one agenda item.

4.1.2.10 With the exception of the written notification ruling, this no-abstention-votes regulation shall also apply to the two situations noted in Section 4.1.2.14. In those situations, recusal is required.

4.1.2.11 The minutes of the departmental personnel committee should record all persons in attendance at the DPC meeting and all members of the DPC absent from the particular meeting. A record should be kept of each personnel action considered; however, this should not include individual comments. The written record should state that the personnel committee formally considered personnel action of the particular faculty member and should state those things that were considered. The minutes should show the vote (the number of affirmative and negative votes) on each action, but not the votes of individual members of the committee.

4.1.2.12 All minutes of departmental personnel committee action must be approved and, if necessary, modified by a majority of the assembled committee. Such action will normally take place at the next meeting of DPC except that, following the last meeting of the committee in a given academic year, the recorder shall be responsible for gaining the approval of the minutes from the voting members of the committee.

4.1.2.13 A permanent file of all minutes of the DPC shall be maintained in each department office. Nothing in these guidelines shall violate the confidentiality of the DPC minutes, except that any individual faculty member shall have access to those portions of the minutes of meetings in which personnel actions involving that faculty member were considered. All motions must be phrased in the affirmative.

4.1.2.14 A member of the departmental personnel committee may not vote on any matter before the committee that concerns that member or any related person. In this case, the alternate member shall serve.

4.1.2.14 The results of the DPC vote, supporting material, and all documents submitted to the committee, shall be forwarded with the departmental chair's recommendation to the dean and through the dean to the Provost and Executive Vice Chancellor.

Regulations of the Department Personnel Committees

The composition, functions and procedures of departmental personnel committees as outlined in this section of the Faculty Handbook are the official guidelines for these committees and must be followed in all cases. Each department shall draw up its own specific operating procedures (e.g. size of committee, length of term, etc.) for the departmental personnel committee, and these shall be in accordance with the guidelines outlined herein. The Provost and Executive Vice Chancellor shall be responsible for seeking interpretations of any relevant regulations or policies.
Functions of Departmental Personnel Committees

4.1.3.1 The functions of the departmental personnel committee in each department shall include, but not be limited to:

(a) Reviewing the credentials of all applicants for new or vacant positions including special faculty appointments, interviewing selected candidates, and making a recommendation to the chair of two or more qualified persons to fill the position (except in the case of special faculty appointments or when circumstances make only one candidate acceptable), and through the chair to the dean and the Provost and Executive Vice Chancellor. The personnel committee may or may not submit nominations in rank order of preference. Search committees may be established to assist or supplant the departmental personnel committee in performance of these functions (see SEARCH COMMITTEE Sections 4.4). Each member of a search committee shall be subject to the same confidentiality obligations that apply to departmental personnel committees.

(b) Reviewing, at the automatic intervals specified in Section 3.4.2 (inclusive) of the Faculty Handbook, all non-tenure-track faculty and making recommendations regarding appointments. The committee shall make a recommendation to the chair, who in turn shall make a recommendation to the dean; the dean will make a recommendation to the Provost and Executive Vice Chancellor and make known to the Provost the recommendation of the chair concerning the future employment of such faculty. The recommendations described above shall be accompanied by the results of the departmental personnel committee's vote, supporting material, and all documents submitted to the committee.

8 Eligibility FOR THE DPC of persons under this provision shall be consistent with the stipulations of Article II, Section 3 of the Faculty Constitution.

Departmental Promotion and Tenure Committees

Functions of Departmental Promotion and Tenure Committees

4.2.1 Departmental Promotion and Tenure Committees (PTCs) make recommendations regarding contract renewal for tenure track faculty, Emeritus status (See Section 3.12), the granting of permanent tenure, and promotion to tenure track or tenured ranks, either when a request for tenure is made by a faculty member, or at the automatic intervals specified in Section 3.8 (inclusive) of the Faculty Handbook. The committee shall make a recommendation to the departmental chair, who in turn shall make a recommendation to the dean, who will send both her/his own recommendation and that of the previous committee(s) and the department chair to the Provost and Executive Vice Chancellor concerning the advisability of conferring promotion and/or tenure.

Composition of Departmental Promotion and Tenure Committees

4.2.2 Each departmental unit with tenure lines shall have one Promotion and Tenure Committee consisting of all tenured faculty members, excluding the department chair and excluding those who must recuse themselves (see Section 4.2.6.6). In departments with fewer than four (4) tenured faculty members, the tenured faculty members will make nominations of tenured faculty in allied disciplines on campus and will elect from those nominated for a total of four (4) members who will serve for one year. Every election made to or by departmental Promotion and Tenure Committees shall use the procedures in Robert's Rules of Order as currently revised.
4.2.3 The departmental chair shall schedule all departmental PTC meetings. While the chair shall be responsible for knowing and sharing both information about procedural matters and information requested by the committee, the chair's role in the committee's deliberations and decision shall be minimal. The departmental chair shall not vote on the PTC.

4.2.4 At its first meeting, the PTC will elect a committee chair from among its members. The committee chair's responsibilities include: compiling the votes of the committee members, forwarding the votes and the vote justification letters to both the departmental chair and College Dean, and appearing before the College PTC when the candidate(s) from her/his departmental unit is (are) being considered by the College PTC, if one exists.

Procedures of Departmental Promotion and Tenure Committees

4.2.5 The tenure policies and regulations of each institution shall set forth the general considerations upon which appointment, reappointment, promotion, permanent tenure, and Emeritus status are to be recommended. The institutional regulations shall provide that these considerations shall include an assessment of at least the following: the faculty member's demonstrated professional competence, the faculty member's demonstrated past performance and the potential for future contribution, and institutional needs and resources.

4.2.6 All meetings of promotion and tenure committees shall be held on campus. Each member of an academic department must be notified in writing of all meetings and agenda items of the PTC. The announcement should clearly state the time and place of the meeting and it should become a part of the PTC's permanent records. All tenure-track faculty members who so desire, except for those who must recuse themselves (see Section 4.2.6.6), may present their views before the committee in regard to any item(s) on the agenda.

4.2.6.1 Face-to-face deliberations among the departmental PTC members are a crucial part of the faculty review of candidates being considered for reappointment, promotion, tenure, and/or Emeritus status. The justification of votes in writing should take place only after, and cannot substitute for, such face-to-face deliberation. All reasonable efforts must be made to attend meetings to discuss the candidate's case. Absentee votes and vote justification letters are, therefore, permitted only in extenuating circumstances.

4.2.6.2 Each member of the departmental PTC shall be encouraged to complete a university-wide vote justification form citing specific evidence of why the candidate does or does not meet departmental criteria for contract renewal, promotion, and/or tenure in the areas of teaching, research, and service as per the departmental guidelines. (See Appendix.) Such vote justification letters, which may be anonymous, shall be submitted within three working days of the PTC meeting at which the vote is taken. These letters shall be given to the committee chair, who will then provide these to the departmental chair and the Dean at the end of aforementioned working days, and sent through the Dean to the Provost and Executive Vice Chancellor.

4.2.6.3 The minutes of the PTC should record all persons in attendance at the PTC meeting and all members of the PTC absent from the particular meeting. A record should be kept of each personnel action considered; however, this should not include individual comments. The written record should state that the committee formally considered personnel action of the particular faculty member and should state those things that were considered. In instances of personnel action involving promotion or tenure of a faculty member, the
minutes should state specifically that the criteria for promotion as set forth in Section 3.8 or that the items required to be considered in granting tenure as specified in Section 3.8 were considered along with any departmental criteria for promotion and tenure as published in the department’s governing documents. The minutes should show the vote (the number of affirmative and negative votes) on each action, but not the votes of individual members of the committee.

4.2.6.4 All minutes of the PTC action must be approved and, if necessary, modified by a majority of the assembled committee. Such action will normally take place at the next meeting of PTC except that, following the last meeting of the committee in a given academic year, the committee chair shall be responsible for gaining the approval of the minutes from the voting members of the committee.

4.2.6.5 A permanent file of all minutes of the PTC shall be maintained in each department office. Nothing in these guidelines shall violate the confidentiality of the PTC minutes, except that any individual faculty member shall have access to those portions of the minutes of meetings in which personnel actions involving that faculty member were considered. All motions must be phrased in the affirmative.

4.2.6.6 A member of the promotion and tenure committee may not address the PTC or cast a vote on any matter before the committee that concerns any related person. Any candidate up for promotion is automatically recused from serving on any promotion and tenure committee on the campus in that same academic year.

4.2.6.7 The candidate's file will remain in the main departmental office (or its electronic equivalent) and all tenured faculty members in that department will have access to review these materials.

4.2.6.8 The results of the PTC vote, written vote justification statements, the candidate's supporting material, and all related documents submitted to the committee chair, and shall be forwarded to the departmental chair who will include these materials along with her or his own recommendation to the Dean, and through the dean to the Provost and Executive Vice Chancellor. Reappointment decisions do not get considered by a College PTC, if one exists.

4.2.6.9 The departmental chair shall notify the faculty member of the results of a departmental PTC vote on reappointment, Emeritus status, tenure, or promotion the within three working days following the date of the PTC vote, except under extenuating circumstances. Notification to the faculty member of the chair's recommendation to the dean on promotion, tenure, reappointment, or Emeritus status should be made in a timely manner as defined by the College or School, not to exceed five working days, except under extenuating circumstances.

Regulations of Departmental Promotion and Tenure Committees

4.2.7 The composition, functions and procedures of departmental promotion and tenure committees as outlined in this section of the Faculty Handbook are the official guidelines for these committees and must be followed in all cases. The Provost and Executive Vice Chancellor shall be responsible for seeking interpretations of any relevant regulations or policies. In departments where search committees make recommendations directly to departmental chairs, no reviewing group or persons may substitute their judgment for that of a search committee on matters relating to the professional qualifications of the individual involved,
i.e., the individual's ability to fulfill adequately the professional requirements of the position. In departments where search committees 1) are not utilized or 2) make recommendations to departmental promotion and tenure committees, no reviewing group or persons may substitute their judgment for that of the departmental chair and/or the departmental PTC on matters relating to the professional qualifications of the individual involved, i.e., the individual's ability to hold a certain rank in that department. However, in accordance with *The Code of The University of North Carolina*, Section 602 (4), those charged with making decisions on initial appointment, reappointment, promotion and tenure shall examine and evaluate "DEMONSTRATED PROFESSIONAL COMPETENCE," i.e., the faculty member's actual performance, in addition to other criteria in making those decisions. The full text of Section 602 (4) follows:

The tenure policies and regulations of each institution shall set forth the general considerations upon which appointment, reappointment, promotion, and permanent tenure are to be recommended. The institutional regulations shall provide that these considerations shall include an assessment of at least the following: the faculty member's demonstrated professional competence, the faculty member's potential for future contribution, and institutional needs and resources. Each member of a promotion and tenure committee shall be subject to the same confidentiality obligations that apply to search committees and departmental personnel committees.

**Search Committees**

4.1.4.2.1 Search committees that recommend to the departmental chair are established by the department or by the departmental chair with departmental approval. Search committees that recommend to the DPC are established by the DPC, with departmental approval. In departments where search committees make recommendations directly to departmental chairs, no reviewing group or persons may substitute their judgment for that of a search committee on matters relating to the professional qualifications of the individual involved, i.e., the individual's ability to fulfill adequately the professional requirements of the position. In cases where search committees make recommendations to hire a candidate for a position whose rank along the tenure track must be confirmed by a specific departmental unit, the departmental Promotion and Tenure Committee shall determine whether or not the candidate is eligible to hold the recommended rank. If this is a joint appointment, at this time the "base" departmental unit of the faculty member must be determined (see Joint Appointments, Section 3.10).

4.1.4.2.2 All meetings of search committees shall be held on campus. Every member of an academic department must be notified in writing of all meetings and agenda items of the search committee. The announcement should clearly state the time and place of the meeting and it should become a part of the department's permanent records. All department members who so desire may present their views before the committee.

4.1.4.2.3 The minutes of the search committee should record all persons in attendance at the meeting and all members absent. A record should be kept of each personnel action considered; however, this should not include individual comments. The written record should state that the search committee formally considered the personnel action. The minutes should show the vote (the number of affirmative and negative votes) on each action, but not the votes of individual members of the committee.
4.1.4.2.4  All minutes of search committee action must be approved and, if necessary, modified by a majority of the assembled committee. Such action will normally take place at the next meeting of the committee except that, following the last meeting of the committee in a given academic year, the recorder shall be responsible for gaining the approval of the minutes from the voting members of the committee.

4.1.4.2.5  A permanent file of all minutes of the search committee shall be maintained in each department office. In addition, the paper ballots for each vote should be kept in sealed, labeled and dated envelopes. Nothing in these guidelines shall violate the confidentiality of the search committee minutes. All motions must be phrased in the affirmative.

9 Related persons include those listed in the definition of that term in the Resolution Concerning the Employment of Related Persons adopted by the Board of Governors on April 13, 1983. See Section 4.6, entitled "Employment of Related Persons."
Appendix B: Proposed Faculty Handbook Revisions Regarding Special Faculty Appointments

3.13 Special Faculty Appointments

3.13.1 See *The University of North Carolina Policy Manual*, Section 400.3.1.1, concerning required discussions relating to the primacy of teaching.

3.13.2 Faculty members who are appointed as adjunct faculty, lecturers, visiting faculty members, artists-in-residence, writers-in-residence, practitioners-in-residence, executives-in-residence, clinical faculty, research faculty, postdoctoral fellows, or other special categories are regarded as “special faculty members” for purposes of the University Code. Such appointments are non-tenure-track appointments. Prior to appointment or reappointment, the credentials of candidates for Special Faculty appointments will be reviewed by the Departmental Personnel Committee (see FH Section 4.1.3.1). Among special faculty, only Lecturers or Senior Lecturers have unit or university voting rights as specified in Article I of the Faculty Constitution.

3.13.3 Special faculty members may be paid or unpaid. Such an appointment characterized by any of the foregoing title designations is appropriate for one who is qualified for teaching, research, academic administration, or public service but for whom neither the professorial ranks nor the instructor rank is appropriate because of the limited duration of the mission for which the appointment is made, or because of concern for continued availability of special funding for the position, or for other valid institutional reasons.

3.13.4 Lecturers

3.13.4.1 Lecturers must possess at least a master’s degree from an accredited institution with 18 graduate credits in their field of teaching. The lecturer rank will be used for non-tenure-track faculty with a workload of at least nine hours or the equivalent per semester and a contract for an academic year or longer. Such appointments are eligible for benefits as allowed by the State of North Carolina. Lecturers have the opportunity to advance in rank based on a combination of length of service and meritorious service. However, advancement in rank is not required for reappointment. Appointments of special faculty members shall be recommended by search committees or DPCs as determined by the departmental faculty. Recommendations for promotions for special faculty members shall be the responsibility of DPCs. The rank of lecturer carries with it the requirement of teaching and institutional service.

3.13.4.2 The rank of lecturer is appropriate for an initial appointment. There is no limit on the number of times that a lecturer may be appointed. Minimal criteria for consideration of appointment to the rank of lecturer are:
(a) A master’s degree from an accredited institution with 18 graduate credits in their field of teaching;

(b) Evidence of potential in teaching; and

(c) Evidence of potential in institutional service.

### 3.13.4.3

Upon promotion to senior lecturer, faculty members retain their status as faculty members under Article I of the Faculty Constitution. Minimal criteria for consideration of appointment to the rank of senior lecturer are:

(a) A master’s degree from an accredited institution with 18 graduate credits in their field of teaching; and experience teaching a minimum of 40 courses (or the equivalent thereof) at the rank of lecturer at Appalachian;

(b) Demonstrated ability in teaching; and

(c) Demonstrated ability in institutional service to the university.

### 3.13.5 Clinical Faculty

#### 3.13.5.1

The primary responsibilities of clinical faculty are clinical education and service. Clinical faculty must be qualified as defined by professional/discipline standards, have practical experience appropriate for the responsibilities assigned, and must maintain appropriate professional credentials. Clinical faculty have the opportunity to advance in rank based on a combination of length of service and meritorious service. However, advancement in rank is not required for reappointment. Appointments of special faculty members shall be recommended by search committees or DPCs as determined by the departmental faculty. Recommendations for promotions for special faculty members shall be the responsibility of DPCs.

#### 3.13.5.2

Minimal criteria for consideration of appointment to the rank of clinical instructor are:

a) A master’s degree from an accredited institution in an appropriate field and appropriate licensures and certifications; and

(b) Demonstrated ability in clinical/professional practice; and

(c) Demonstrated ability to perform teaching duties associated with the position; and

(d) Demonstrated willingness to assist the unit in meeting its needs for clinical/professional services.
3.13.5.3 Minimal criteria for consideration of appointment/promotion to the rank of clinical assistant professor are:

(a) The appropriate earned terminal degree in the field of practice from an accredited institution, unless there are exceptional circumstances, and appropriate licensures and certifications;

(b) Demonstrated ability in clinical/professional practice; and

(c) Demonstrated ability to perform teaching duties associated with the position;

(d) Demonstrated willingness to contribute to research, publications, and presentations associated with the position;

(e) Demonstrated willingness to assist the unit in meeting its needs for clinical/professional services.

3.13.5.4 Minimal criteria for consideration of appointment/promotion to the rank of clinical associate professor are:

(a) The appropriate earned terminal degree in the field of practice from an accredited institution, unless there are exceptional circumstances; and appropriate licensures and certifications; and at least seven years of appropriate professional experience; and

(b) Recognized skill in clinical/professional practice; and

(c) Recognized skill in teaching associated with the position; and

(d) Recognized accomplishment in research, publications, and presentations associated with the position; and

(e) Recognized accomplishment in assisting the unit in meeting its needs for clinical/professional services.

3.13.5.5 Minimal criteria for consideration of appointment/promotion to the rank of clinical professor are:

(a) The appropriate earned terminal degree in the field of practice from an accredited institution, unless there are exceptional circumstances; and appropriate licensures and certifications; and at least twelve years of appropriate professional experience; and

(b) Outstanding skill and accomplishments in clinical/professional practice; and

(c) Evidence of at least one of the following:
(i) recognized skill in teaching associated with the position and exceptional accomplishment in research, publications, and presentations associated with the position; or

(ii) exceptional accomplishment in teaching associated with the position and recognized accomplishment in research, publications, and presentations associated with the position; and

(d) Recognized accomplishment in assisting the unit in meeting its needs for clinical/professional services.

3.13.6 Research Faculty

3.13.6.1 The primary responsibility of research faculty is research, but they may be involved in teaching and service. Research faculty have the opportunity to advance in rank based on a combination of length of service and meritorious performance. However, advancement in rank is not required for reappointment. Appointments of special faculty members shall be recommended by search committees or DPCs as determined by the departmental faculty. Recommendations for promotions for special faculty members shall be the responsibility of DPCs.

3.13.6.2 Minimal criteria for consideration of appointment to the rank of research assistant professor are:

(a) The appropriate earned terminal degree from an accredited institution or outstanding research training, credentials, and accomplishments earned in a non-university environment;

b) Research accomplishments comparable to those of tenure-track faculty at the same rank that have comparable experience;

(c) Potential to obtain external funding;

(d) Demonstrated potential to contribute to research, publications, and presentations associated with the position;

(e) Demonstrated potential to assist the unit in accomplishing its research agenda.
3.13.6.3 Minimal criteria for consideration of appointment/promotion to the rank of research associate professor are:

(a) The appropriate earned terminal degree from an accredited institution or outstanding research training, credentials, and accomplishments earned in a non-university environment; and at least five years appropriate experience;

(b) Research accomplishments comparable to those of tenured faculty at the same rank;

(c) Demonstrated success at obtaining external funding;

(d) Demonstrated contributions to the unit’s research agenda.

3.13.6.4 Minimal criteria for consideration of appointment/promotion to the rank of research professor are:

(a) The appropriate earned terminal degree from an accredited institution or outstanding research training, credentials, and accomplishments earned in a non-university environment; and at least ten years appropriate experience;

(b) Research accomplishments comparable to those of tenured faculty at the same rank;

(c) Outstanding success at obtaining external funding; and

(d) Extensive contributions to research, publications, and presentations associated with the position;

(e) Sustained and increasingly significant contributions to the unit’s research agenda.

3.13.7 Special faculty members who are paid shall be appointed for a specified term of service, as set out in writing in the letter of appointment. Appointments may be for a fixed term of one, two, three, four or five years. The term of appointment of any paid special faculty member concludes at the end of the specified period set forth in the letter of appointment, and the letter of appointment constitutes full and timely notice that a new term will not be automatically granted or guaranteed when that term expires. This institution shall not be obliged to give any notice before a current term expires as to whether appointment will be offered for a new term.
3.13.8 Special faculty members who are not paid may be appointed for a specified term of service or at will. Their pay and appointment status should be set out in the letter of appointment.

3.13.9 During the term of their employment, special faculty members are entitled to seek recourse under Section 607 of the University Code and Section 4.11.3 of this Faculty Handbook (relating to faculty grievances).

3.13.10 Special faculty members, whether paid or unpaid, are not covered by Section 604 of the University Code (relating to appointment, non-reappointment, and requirements of notice and review for tenure track faculty), and that section does not accord them rights to additional review of a decision by a constituent institution not to grant a new appointment at the end of a specified fixed term.

3.14.3 Special Faculty Terms of Contracts

3.14.3.1 The terms and conditions of each appointment to a part-time faculty position shall be set forth in a written contract. A copy of the contract, including rank, salary (when possible), and contract date, signed by the Chancellor or the Chancellor’s delegate, shall be delivered to the faculty member. Contracts for part-time faculty are for fixed terms and may range from one semester to five years. Any special terms and conditions shall be clearly stated in the contract. The chair or dean who recommends the appointment shall be responsible for initiating the inclusions of special terms and conditions in contracts.

3.14.3.2 Initial appointments may be for a fixed term of up to three years. Subsequent appointments to fixed terms of from one to five years’ duration may be made either in direct succession or at intervals. Each shall be considered an initial appointment. This institution shall not be obliged to give any notice before a current term expires as to whether appointment will be offered for a succeeding term (see Section 3.13.7).

3.14.3.3 Part-time faculty in special appointments will share with full-time faculty all rights guaranteed under the concept of academic freedom and all responsibilities as defined in Section 3.3, entitled “Academic Freedom and Responsibility of Faculty.”
3.14.3.4 During the period of their employment, faculty on special appointments shall have full access to benefits of the dispute resolution processes outlined in Section 4.11 of this *Faculty Handbook*.
