Motions Regarding General Education Advisory Group Report (Approved by Faculty Senate on November 12, 2012)

To accept the GEAG recommendations to drop the Perspectives; require only 1 theme (Appalachian Integrated Learning Experience) instead of 3 themes; add the 12 credit Liberal Studies Experience; and keep the existing Designations.

To add a Social Science Designation.

That the Appalachian Integrated Learning Experience should not contain gateway and/or capstone courses passed.

To change the name of the proposed Gen Ed category “Science Literacy” back to “Science Inquiry”.

To retain the 8 hour Science Inquiry requirement.

To retain the 4 hour Quantitative Literacy requirement.

To request that the General Education Council provide, for Senate vote prior to the AP&P vote, a clear and very detailed statement that answers the following four questions: (1) Who will decide which existing courses/themes will remain themes in the Appalachian Integrated Learning Experience? (2) Who will decide which courses will be included in the Liberal Studies Experience? (3) What material will be requested from faculty/departments to aid these two decision-making processes? (4) What criteria/rubric will be used in each of these two decision-making processes?
